

**You** expect optimal care

**We** provide first class transport

## Noah's ark of the skies

Great or small, domesticated or not, we are experts in transporting live animals across the world. When we handle priceless thoroughbreds, international-calibre polo horses and high performance sled dogs, we afford them just as much care as you would. We have also become renowned for our expertise in carrying a large variety of more exotic live animals such as giraffes, alpacas, white tigers as well as white rhinos; each of which require the highest attention and specialist care. No wonder our fleet is sometimes described as Noah's Ark of the skies. To safeguard the welfare of the animals we carry by affording them the safety, comfort and security that they deserve, we handle them with special care and in full compliance with the IATA Live Animal Regulations (LAR) and the Convention on International Trade in Endangered Species (CITES).

over **50**  
years of experience  
in handling live  
animals

Can carry up to  
**horses per freighter 90**  
on our 747-8F

## Equine expertise

We regularly transport invaluable racehorses, giving a new meaning to the term 'special handling', and regard each animal as a special responsibility. We transport about 3,000 horses a year; with up to three horses per horse stall (HMC), we can carry up to 84 horses on our Boeing 747-400 freighters and up to 90 on the 747-8F, both of which are equipped with multi-zone air-conditioning systems.

## A dedicated Team

Cross-divisional experts that plan, guide and supervise the transportation of your live animal shipment, available network-wide and 24/7.
